

THE EVENING BULLETIN.

VOLUME XXI.

MAYSVILLE, KY., TUESDAY, SEPTEMBER 9, 1902.

NUMBER 247.

ELECTED A FIREMAN.

President Roosevelt Becomes Honorary Member of Brotherhood.

HIS ADDRESS TO THE DELEGATES.

The Chief Executive Congratulates the Members Upon the Conservatism in Their Organization.

Chattanooga, Tenn., Sept. 9.—President Roosevelt was elected an honorary member of the Brotherhood of Locomotive Firemen. He attended the executive session of the order, walking from the hotel to the auditorium, a distance of a few blocks, escorted by Grand Master Sargent, a committee of the brotherhood and a detachment of troop B, state guard. The brotherhood first held its executive session, which the president attended. Acting Grand Master Hannahan welcomed the president, stating that his attendance at the convention would do great good to organized labor, not only in this country, but in Canada and other countries as well.

The president returned his thanks for the welcome, and said he was glad to be with the brotherhood. He said the firemen's brotherhood was the result which naturally comes from the application of the principle of common sense to their work. He said that organized labor never had made an unreasonable request of him and that if it had he would have denied it. In speaking of his appointment of Grand Master Sargent of the brotherhood to be commissioner general of immigration, the president said it was one of the most satisfactory appointments to him and to the public he had ever made; that Mr. Sargent has a hard body and not a soft head.

John F. McNamee of Columbus, O., one of the grand officers and a Democratic member of the legislature, moved that the degree of grand honorary membership be conferred upon President Roosevelt. The motion was referred to the committee on constitution and by-laws, whose recommendation was unanimous that the motion be accepted. The report of the committee was adopted by a rising, unanimous vote amid great cheers.

The president thanked the convention for the compliment paid him and Grand Master Sargent then gave him a pass, which admits him to all meetings of the brotherhood.

At this point the brotherhood adjourned, and the public was admitted to the auditorium to hear the president's address. While the audience was being seated the band rendered "America," the president and the others in the hall rising.

Mayor Chambliss delivered a short address of greeting, in which he welcomed to Chattanooga all the firemen, whether they came from Canada, Mexico or Oyster Bay. After an address of welcome in behalf of the state by Governor McMillan, and an address by Grand Master Sargent, interspersed with music by the Seventh Cavalry band, President Roosevelt was introduced by Acting Grand Master Hannahan. His reception was most enthusiastic, the audience rising to its feet and cheering. When the president addressed the convention as "My brothers" he was cheered again. He said he was glad to be here and joined with the others in extending a cordial welcome to the visitors from Canada and Mexico.

"I always have, gentlemen, greatly admired the railroad men of the country and I do not see how any one who believes in the fundamental principles of citizenship can fail to do so."

He compared the railroad men to soldiers who are accustomed to taking risks, acting on their own initiative and obeying orders. In raising his own regiment, he said, he got a number of railroad men. Of course, the first requisite was that a man should know how to ride and how to shoot. Giving them these two qualities he found there was no better group from which soldiers could be drawn than railroad men.

The president said he hoped and believed the danger of war would be less in the future than it has in the past.

"I believe emphatically," he said, "in organized labor. The worth of an organization," he continued, "depends upon its being handled with the courage, the skill, the wisdom, the spirit of fair dealing between man and man, and the wise self-restraint which I am glad to be able to say your brotherhood has shown."

The president spoke of the necessity of work. "I pity the creature which does not work," he said, "at

whichever end of our social scale he may regard himself as being." He said the law of work well done secures the successful American life.

WAR AGAINST MOROS.

American Forces Will Be Sent to Subdue Hostile Natives.

Manilla, Sept. 9. — General Chaffee has ordered General Sumner, commanding the department of Mindanao, to lead a column against the Moros. In his order General Chaffee suggests that eight companies of infantry, two troops of cavalry and one battery shall form at Camp Vicars, island of Mindanao. It is expected that the column will move within a week. Most of the attacks upon the American forces have originated in the Macin country. This movement is to be directed against hostiles, several of whom are enumerated in General Chaffee's order. General Sumner is directed to require the hostiles to give a satisfactory pledge to refrain from aggression in the future. There are several Moro strongholds in the Macin country. It is not definitely known where the first opposition will be encountered. This will depend upon General Sumner's course after moving. General Sumner is directed to protect the friendly natives.

Cholera in the Philippines.

San Francisco, Sept. 9.—"A bountiful downpour of rain is the only remedy which can check the cholera epidemic now raging in the Philippines." So said Captain E. H. Southall, a surgeon in the United States army, who has arrived here on the transport Buford. Captain Southall was for a time in charge of the cholera hospital in Manila. In speaking of the epidemic, Captain Southall said: "The Americans in the Philippines seem unable to cope with the cholera plague. Despite the rigorous methods used to suppress it, the disease seems to spread and increase. It is very difficult to get correct figures of the mortality due to cholera, because of the fact that the natives hide the death and try to keep knowledge of the presence of the disease from the authorities."

Warm Contest Expected.

Denver, Sept. 9.—There promises to be a warm fight in the Democratic state convention, which will meet in Denver, over the nomination for governor. The leading candidates are Governor James B. Orman, Judge E. C. Stimson of Cripple Creek and Judge Theron Stevens of Ourny. Orman will probably receive over 400 votes on the first ballot. To be renominated he must have 451 votes, and his opponents anticipate that he will lack the requisite number on the first ballot, and will not be able to hold his forces together on subsequent ballots.

Death of Panmure Gordon.

London, Sept. 9.—By the death, at Nauheim, of Panmure Gordon, the stock exchange has lost a most interesting personality. He was a great purveyor of successful tips to Mayfair—tips which circulated like magic. He lived both his business and his social life at top pressure. He had a passion for trousers, and when he went to America for a year, he had one pair for each day, with 200 pairs thrown in, and he was the only man who ever devoted an entire chapter in a serious travel book to the story of the loss and subsequent recovery of his favorite breeches.

Pharmacists Meet.

Philadelphia, Sept. 9. — The fiftieth annual convention of the American Pharmaceutical association began here. More than 700 representative chemists and druggists from every section of the country comprising the list of delegates are in attendance. The fiftieth anniversary is made the occasion of special exercises and the added social features will prolong the meeting until Monday of next week. The proposed memorial to William Procter, who is known as "the father of American pharmacy," is a feature. He died in 1784.

Election in Maine.

Portland, Me., Sept. 9. — Splendid weather favored the voters of Maine. Reports from the larger cities of the state indicate a heavier vote than usual. The forces in all sections where the fight has been lively renewed their operations and continued active all day. Every possible vote was brought out by the Prohibition, Republican and Democratic workers. In Portland city every stable horse and many private carriages were engaged in carrying voters to the polls. The Republicans claim that their majority will be at least 16,000 in the state.

Squelched by Pretender.

Madrid, Sept. 9. — Don Carlos, the Spanish pretender, has sent a letter to a Carlist deputy vigorously deprecating any attempt at a rising in the interests of Carlism.

SINKING OF GUNBOAT

Explained by the Marine Minister of the German Government.

INTERESTS OF HAITI UNTOUCHED.

Provisional Government Regarded the Firmist Vessel as a Pirate. Story of Destruction of Crete-a-Pierrot.

Berlin, Sept. 9.—The marine ministry has given out the following official report of the sinking of the Firmist gunboat Crete-a-Pierrot:

"Captain Eckermann of the Panther has received orders to capture the principal gunboat Crete-a-Pierrot. The Panther went from Port-au-Prince to Gonaives, where it completely surprised the Crete-a-Pierrot. The German commandant sent the following ultimatum:

"Strike your colors within 15 minutes and disembark from your ship without undertaking any defensive measures whatever, otherwise an immediate attack will follow."

"The Panther had already cleared for action. The Crete-a-Pierrot hauled down her flag within the allotted time and the crew disembarked. The Panther then intended to take the Crete-a-Pierrot in tow, but an explosion of her after powder magazine soon occurred, which was evidently effected by the Crete-a-Pierrot's crew. The explosion destroyed her stern and set the vessel on fire, rendering taking her in tow impossible, especially as further explosions followed. As this was regarded as a hostile act, and as the guns afore were still in condition, the Panther's captain caused the forward magazine to be exploded through a cannonade. After this was exploded, the Crete-a-Pierrot broke up and sank. The admiral was on board with the rebels. Gonaives is in the hands of rebels."

The German foreign office informed the press that Haitian provisional government has communicated to Germany that Haiti regarded the Firmist gunboat Crete-a-Pierrot as a pirate, and that the interests of Haiti were untouched by the action of the German gunboat Panther in sinking the Crete-a-Pierrot.

Powell's Report.

Washington, Sept. 9. — As was expected, Mr. Powell, the United States minister to Haiti, reported promptly to the state department of the sinking of the Haitian gunboat Crete-a-Pierrot by the German gunboat Panther. Both of the ministers dispatches are dated Port-au-Prince. As matters stand, there is nothing to be done by the state department at this juncture. The officials have not changed their view that the incident was one between the German and Haitian governments, and that it was not our business. The Berlin advices to the effect that the Haitian government had expressed its satisfaction with the situation being brought to the attention of the department here went to confirm the officials in their position. No American interests have been affected unfavorably, in their judgment, and as the United States has not recognized the revolutionists in Haiti there is no one to make complaint to this government. On the whole, it is felt that the termination of Killick's career in summary fashion may have a salutary effect not only in Haiti, but also in South and Central American countries. Only recently the British cruiser Phaeton was obliged to force the Colombian government to release the British Ecuador, which it was intended to impress into service as a troop transport, while still more recently Commander McCrea adopted a similarly vigorous course with respect to this same Admiral Killick, and it is not doubted that had he remained in Haitian waters he would have seized the Crete-a-Pierrot for violation of his warning to let foreign shipping alone. Altogether these active naval matters are expected to have beneficial results throughout that section of the world, so far as foreign commerce is concerned.

Chaffee's Report.

Washington, Sept. 9.—The war department has received a cable dispatch from General Chaffee dated Manila, Sept. 6, stating that an attack was made on the United States troops at Matiling Falls, seven miles from Camp Vicars, by Moros, Sept. 1. First Lieutenant William M. Parker, One Hundred and Tenth Infantry, and two soldiers were wounded, and one soldier killed. General Chaffee also says: "Have authorized Brigadier General Samuel S. Sumner to move troops into Macin country, and exact promise of good behavior in future from Datos and followers. Troops

have been attacked 12 times since May 2, with loss to us of four killed and 12 wounded. We have remained all the time quiet, seeking friendship."

DESPERADOES KILLED.

Jim Wright and John Templeton Shot by a Posse.

Rogersville, Tenn., Sept. 9. — Jim Wright and John Templeton, noted Hancock county desperadoes, were killed, and Wright's son was captured by a posse of 25, headed by Joe Moss of Gate City, Va.

In the engagement Wright shot and probably fatally wounded George Wolf of Spears Ferry, Va., and Jack Rogers of Rogersville, Tenn., both of whom were members of the pursuing posse.

Two fights took place. In the first Templeton was instantly killed and Wright's son was captured. Jim Wright, however, retreated to a nearby house, where he engaged the officers until daylight, when he was routed out and killed as he could not be taken alive. Wright was an escaped convict from the Tennessee penitentiary, where he was serving a sentence for murder. Wright and Templeton are said to have killed as many as six men each.

Abundance of Gold.

Washington, Sept. 9.—The sum of gold now in the United States treasury exceeds that of any previous time in the history of the country and with one possible exception it exceeds that of any country at any time in the history of the world. The single reported exception is that of Russia about eight years ago, when that country was preparing to resume gold payments. At that time Russia is said to have had in its treasury \$598,000,000 in gold. Last Saturday the vaults of the United States treasury contained \$573,936,194, an increase since July, 1901, of \$79,087,897. This stock of gold is now being added to at the rate of from \$200,000 to \$300,000 a day with no immediate prospect of a cessation in the rate of deposits. This condition of things is eminently satisfactory to the treasury officials, who regard it as the best possible evidence of confidence in the financial stability of this country.

Fatal Germ Discovered.

Baltimore, Sept. 9. — The death of John D. Rockefeller's grandson, Jack, two years ago, has enabled two students, one at Johns Hopkins and the other at the University of Pennsylvania medical schools to discover what is believed to be the organism or germ of disease that carries off so many little ones every summer, and which is commonly called "summer complaint." When little Jack died, two years ago, Mr. Rockefeller is said to have offered a fund of \$200,000 to be devoted to research. The outcome of this offer is the reported discovery of the fatal germ. In 42 cases the organism found is nearly identical with that which produces dysentery in adults.

Mining Laws Needed.

San Francisco, Sept. 9. — According to James Wilson, at present second assistant engineer of the transport Lawton, all that is needed is adequate legislation regulating land and mineral claims to make of the island of Mandanao a rich field for the gold prospector, the coal miner and the producer of India rubber and gutta percha. Already, according to Wilson, who has spent a long time in the interior of the big island, there are many Americans prospecting and preparing to develop the long latent possibilities of the new possession.

Ammunition For Insurgents.

Baltimore, Sept. 9. — Loaded down with dynamite and carrying in her hold a large quantity of ammunition, it is alleged, the little steamer Mald of Patuca has sailed from this port. Every member of the crew of 12 carried rifle and cartridges. It was stated that the vessel was to be used in building a jetty at the mouth of the Patuca river, in Honduras, but along the water front the impression prevails that the steamer is carrying ammunition for the insurgents in Colombia.

Tourists Delayed.

Rochester, Sept. 9. — A gale which began last week is sweeping Lake Ontario and paralyzing passenger traffic. Only the largest steamers have been able to put out, and they have had some exciting experiences. The storm is causing most trouble to the hundreds of tourists, who, flocking from the Canadian lakes, are in the north shore ports, unable to reach home except by train, which means a roundabout trip by way of Toronto.

Walsh, W. Va., Sept. 9.—More than 100 Italian stonecutters working on new ovens for the United States Steel corporation are on strike. They demanded the reinstatement of certain men discharged on Saturday.

KILLED BY FRIENDS.

Two Striking Miners Assaulted by Pickets Who Mistook Them.

VIOLENCE IN ANTHRACITE REGION.

Rioters Cry For the Blood of a Nonunion Man Who Is Taken to Jail After Being Severely Beaten.

Wilkesbarre, Pa., Sept. 9. — Two Italian striking miners named Frank Portay and Sistine Vancostello left their homes in Swoyersville, near here, to go on a hunting trip. As they approached the Henry C. colliery they were held up by the pickets who mistook them for armed nonunion men going to work. The pickets at once attacked the Italians. Vancostello was shot in the leg and his brains beaten out with stones and clubs.

His companion, Portay, was knocked down, his gun was taken away from him and then his assailants beat him with clubs, so that his life is despaired of. Sheriff Jacobs and a large number of deputies went to the scene. The friends of the dead Italians have sworn vengeance and threaten to kill the men who committed the assault on their countrymen.

Lynching Threatened.

Wilkesbarre, Pa., Sept. 9.—A crowd of striking miners, mostly foreigners, remained all night around the lockup at Edwardsville, where Hiram Fischer was confined. The prisoner was held up as he was returning from one of the mines, where he is employed as a coal and iron policeman. Thinking his life was in danger, he fired into the crowd, and two of the bullets struck Mrs. John Knsmaugh, a Polish woman, who was seated on the stoop of her house some distance away. Fischer was set upon by the mob and beaten so badly that he was left for dead on the road. Later he was taken to the town lockup, where a physician was in attendance a greater part of the night. Fischer was a little better. Notwithstanding his condition, the mob gathered on the outside of the lockup and wanted to beat down the place and lynch him. The strong guard that Burgess Danno had provided prevented this.

Mine Workers Deny It.

Tamqua, Pa., Sept. 9.—The Lehigh Coal and Navigation company claims to have more men at work than it has had on any other day since the strike began. The company, however, will not give out a definite statement as to the number of men who are mining coal. Only two of the collieries are being operated, No. 4 and No. 12. A company of soldiers and the Governor's troop patrolled the valley. They report that there were no disturbances. United Mine Workers' leaders deny that the company has made any gains.

Miners Return to Work.

Charleston, W. Va., Sept. 9.—A telegram from New River says that between 300 and 500 of the striking miners returned to work at the various mines. Most of the accessions are at Red Ash, Rush Run, Prudence, Brooklyn and Red Star mines, although the mines report accessions. Managers say the strike in New River will be broken entirely not later than Wednesday. The Kanawha field is not so successful.

Branded as False.

Wilkesbarre, Pa., Sept. 9. — President Mitchell stated that the report sent out from Scranton to the effect that he told a friend that the strike would be over on September 15 and that the strikers would have to go back to work to save the miners' union, was a pure fabrication. He says he never made such a remark to any person.

Large Reward Offered.

Bramwell, W. Va., Sept. 9. — The fire in the West mine of the Pocahontas Collieries company is practically extinguished. The company has offered \$1,000 reward for information that will lead to the identity of the parties who set fire to the mine.

Revolt in Morocco.

New York, Sept. 9.—Dispatch from Tangier says the Sultan of Morocco has ordered that a large army be collected in readiness to leave Fez on Dec. 1. Its destination has not been disclosed. Recent dispatches from Spain stated that the revolt against the sultan of Morocco is spreading in an alarming manner, and that it may be necessary for the powers to intervene if they wish to preserve the status quo in the country. The revolt is headed by the sultan's brother, Mohammed, who is a pretender to the throne.

THE COST OF LIVING.
 The following is a copy of a letter received by Judge Griggs, Chairman of the Democratic Congressional Committee, from a well-known miner of Fayette, W. Va. It should be read with care by every working man in the country:
 FAYETTE, FAYETTE COUNTY, W. Va.,
 August 19, 1902.

Hon. J. M. Griggs, Chairman Democratic Congressional Committee, Washington, D. C.
 —Dear Sir: I take it that you are interested in trust prices and I send you the prices that a laboring man has to pay today for the necessities of life as compared with the prices of 1898. I am a coal miner and have been for twenty-seven years. Under this supposed 'prosperity' that we now hear about, I have received an increase of 20 per cent. in wages, but have been on a strike together with other miners for nearly three months, striking for an increase of wages in keeping with the prices we have to pay for the necessities of life, and for recognition of our union, which seems to be the only hope that labor (outside of voting right) has in these days of this 'imaginary prosperity' and 'government by injunction.' In 1902 I have to pay \$80. per gallon for oil that I use in the mines, but the cans only hold three quarts. Everything else is in proportion, itemized as follows for the years 1898 and 1902:

	1898.	1902.
Bank oil.....per gallon,	58	80
Powder.....per keg,	1 20	2 25
Flour.....per barrel,	3 50	7 00
Bacon.....per pound,	08	16
Beef.....per pound,	08	18
Granulated sugar.....	06	10
Tea.....per pound,	40	70
Canned tomatoes.....	60	1 50
.....per dozen,	1 00	1 00
Corn.....per bushel,	10	16
Rice.....per pound,	08	12
Breakfast food.....per box,	06	12
Rolls oats.....per box,	08	12
Currants.....per pound,	04	12
Raisins.....per pound,	50	1 00
Dried apples.....per bushel,	07	13
Lard.....per pound,	03	05
Dried beans.....per pound	1 00	1 50
Condensed milk.....	01	04
Coarse salt.....per pound,	10	25
Toilet soap.....per box,	08	20
Cheese.....per pound,	16	35
Butter.....per pound,	20	40
Vinegar.....per gallon,	75	1 40
Potatoes.....per bushel,	10	20
Kerosene oil.....per gallon,	25	50
Laundry soap.....	12	18
Ham.....per dozen hams,		

These are the prices that the average working man pays now and what they had to pay in 1898. I trust that this statement may be of service in opening the eyes of the laboring men of this country, so that when they go to vote against the trusts and the party that makes it possible for them to rob the laboring man by charging them these outrageous prices, and if they make any complaint enjoin them from walking on the earth. Truly yours,
 WM. CAMACK.

Special Train Via C. and O. Railway, Ripley Fair, Sept. 17th, 18th and 19th.

On account of the Ripley fair the C. and O. will run a special train Maysville to South Ripley Sept. 17th, 18th and 19th, leaving Maysville at 9 a. m. Round trip tickets, including ferry ticket, 25 cents. Tickets good returning on all regular trains. Sept. 17th is Bryan day at the fair, on which date Hon. Wm. J. Bryan will speak. Excursion tickets will also be sold on account of the fair on Sept. 15th and 16th at 25 cents the round trip. Fair tickets are good going on the following regular trains also, 6:40 a. m. and 4:20 p. m. Good returning on trains leaving South Ripley at 9:48 a. m., 5:09 p. m. and 8:05 p. m. Limit of all fair tickets Sept. 20th.

Cincinnati Fall Festival Rates, Via C. and O., \$1.75 and \$2.35.

The C. and O. will sell round trip tickets, Maysville to Cincinnati, at the following rates:

On Sept. 15th, 17th, 19th, 22nd, 24th and 26th, \$1.75, with return limit one day after date.
 On Sept. 19th and 20th, Roosevelt Day, \$1.75, with return limit of Sept. 22nd; 7:45 a. m. train only on the 22nd.
 On Sept. 15th to 27th inclusive, \$2.35, with return limit Sept. 29th.

Tecumseh, Neb., Sept. 9. — The branch banks at Graf and Vasta of the Chamberlain bank of this city reopened for business with sufficient funds, it is stated, to pay all depositors. These two banks were closed last week on account of the embarrassment of the Chamberlain bank. State Bank Examiner Hartwell states that their assets were not impaired by their former connection with the local bank.

AN INTERESTING ITEM AT THE **Dress Goods Counter!**

A handful of Rainette Cloth caught by chance to sell for \$1 a yd. There is no reason for selling it at less than its true value—\$1.50—except our policy, when we get a thing at a reduced price, to give it to you on the same terms. We have six colors in this quick-sale bargain lot, navy, black, 2 grays, 2 browns and prettier shades you couldn't ask. The cloth was woven and dyed in Alsace where they know best how to do it. The width is 60 inches, the weight heavy—just correct for coat suits and run-about skirts. It is exactly the quality priced, and justly, at \$1.50 last season. Isn't a third saved a big consideration for any purse? If you are considering a utility skirt or gown do yourself the justice to examine this bargain.

D. HUNT & SON

Mr. Hunt has returned from New York and attractive novelties in every department will make a visit to our store an event of much interest.

PERSONAL.

—Mrs. W. D. Cochran and children are home from Danville.
 —Mrs. J. Trisler and little daughter Nellie are visiting in Vanceburg.
 —Mrs. Kate Cady and Miss Ruth Alender have returned from Cincinnati.
 —Mrs. C. B. Poyntz is at home after an absence from the city for some time.
 —Miss Mamie Tolle left Monday to visit relatives at Fairview, Fleming County.
 —Miss Della Bacon left Monday to resume her studies at Hamilton College, Lexington.
 —Mr. Anthony Diener arrived home Monday after spending the past week in Cincinnati.
 —Mr. and Mrs. George E. Hughes, of Newport, spent Sunday in Maysville with relatives and friends.
 —Miss Minnie Meyer and Mr. Louis Brunse, of Cincinnati, were guests of Mrs. Charles Meyer Sunday.
 —Mr. and Mrs. G. W. Baldwin, of Carlele, are visiting their cousin, Miss May Wallace, of East Front street.
 —Miss Julia Ryan and Master Walter Hanley arrived home last evening after a month's visit to relatives in Versailles.
 —Mr. and Mrs. Robert L. Wise spent Sunday with Mr. and Mrs. Theodore Machenheimer at Huntington, W. Va.
 —Mr. and Mrs. H. M. Rudy and son, of Covington, spent Saturday and Sunday with his parents, Mr. and Mrs. N. C. Rudy.
 —Mr. Geo. M. Bruce, of Houston, Texas, arrived yesterday and joined his wife and children who have been visiting her mother, Mrs. J. M. Evans.
 —Misses Mabel Ball, of Millersburg, and Frances Gault, of Washington, have been the charming guests of Miss Marie Andrews Strode, of Lewisburg.
 —Mr. Ray Killpatrick, of Muncie, Ind., is spending the week here with his mother. Ray's friends will be pleased to know he has a good position as clerk in one of the Muncie hotels.
 —Mrs. F. Stanley Watson is at home after spending the summer with her parents in Kansas City. En route home she visited Rev. and Mrs. Howard T. Cree, of St. Louis, for a few days.

Bold and Persistent.

The establishment of Lyon & Haley in Chicago is said to be the largest music house in the world. The manager says its success is chiefly due to newspaper advertising. For forty years no leading newspaper in the West has appeared once without the advertisement of this house. "Boldness and persistency are everything in advertising," says the manager. "Our theory of retail advertising is quantity."

Pure cider vinegar.—Calhoun's.

Mrs. M. J. Kenney, of the Sixth ward, is recovering from an attack of pneumonia.
 A little son of John Paul, while playing in an old storehouse at their home north of Aberdeen, found two flannel bags containing \$125 in gold and silver coin.
 Arthur J. Donovan has qualified as administrator of Garrett Donovan, deceased, with T. J. Pickett as surety. John E. Bouldin, Thomas Slack and Thomas Molloy were appointed appraisers.
 The C. and O. and the Seaboard Air Line have compromised their fight for the right of way through the "breaks" of Sandy. A double track is to be laid, owned and operated jointly by the two companies.
 The firm of Plummer & Dotson, dry goods merchants of Piqua, Robertson County, has made an assignment to Chambers Perry, Cashier of the Mt. Olivet Deposit Bank. The liabilities are \$3,000 and the assets are something near the same amount.
 O. H. P. Thomas & Co., Nos. 120 and 122 Market street, Maysville, Ky., sell Old Time Bourbon and Maysville Club Rye, direct from the distillery, by the quart, gallon or barrel; the finest in the State; guaranteed pure and as represented as to age. THE H. E. POGUE DISTILLERY CO.
 The Sandy Valley and Elkhorn Railroad Company has 200 men at work grading on their forty miles of railroad from the mouth of Shelby Creek, in Pike County, through Shelby Gap and on to the fine coking coals of Elkhorn. This line intersects with the C. and O. extension, but is being built by an independent company.
 The city is harvesting its crop of sweet fern, rag-weed, dog fennel, etc., etc. The "gang" reached the western extremity of Second street yesterday, where the growth was most rank. Close observers pronounce the yield the largest for many years. Street cars may now resume their normal schedule,—a thing for some time impossible on account of the danger of running down some luckless pedestrian seeking an outlet from the tall weeds.

At the conference of the M. E. Church, South, in session at London the past week, the trial of the Rev. J. A. Sawyer, the Dover pastor who had been suspended for four months, resulted in a complete exoneration. He was accused of unbecoming conduct and his name was coupled with that of a prominent widow of Dover. It is stated that a libel suit will be instituted by the woman against those who have been prominent in the prosecution of the charge which has brought to her so much unpleasant notoriety.

Speaking of the Germantown fair, Editor Remington of the Paris Gazette says: "About 8,000 were in attendance Saturday. The residents of the surrounding country furnished dinners, and they were dinners fit for the kings. Everything that appetite could crave was served, and no man, woman or child was allowed to go away hungry. If you were a stranger you were invited to dine with some one, just like you were an old friend. It was our pleasure to dine with Mr. John Bouldin and family, the dinner being prepared by his daughters, Misses Margaret and Frances Bouldin. It was equal to a wedding dinner, and the large crowd ate to the stomachs' content, and then there was left enough to feed as many more."

D. HECHINGER & CO.

"To the Critical Dressers---To the Thrifty Buyers!"

Our stock for this coming season contains all that your fancy can picture. We want you to see the greatest variety of superior tailored Clothing we ever brought on. Where will you find another clothing house in the State that the following lines are confined to: Stein Bloch Co., L. Adler Bros. Co., Garson Myer & Co. and Michaels Stern & Co., notably the manufacturers of the best Clothing made.

In Men's and Boys Shoes we represent Hanan & Son, and W. L. Douglass. These two lines need no comments.

In our Shirt Department you find the productions of the Manhattan and Faultless people, the best of the best.

We carry and sell more John B. Stetson Hats than any other house in the State. The quantities we buy and sell of all the above mentioned lines (the best in the world) enable us to sell them at about the same price you will have to pay for Goods not of as high standard.

Our Merchant Tailoring Department is eager for your inspection. You know what kind of work we turn out. Suits to order from \$25 up.

BALL-MITCHEL PLANT.

Messrs. Foley and Danbury of
Cincinnati Secure a Two-
Thirds Interest,

And the New Company Will Enlarge and
Improve the Factory.

Messrs. A. M. Danbury and J. J. Foley,
of Cincinnati, have secured a two-thirds
interest in the Ball-Mitchel Foundry and
Machine Works, and the plant will here-
after be operated by the Maysville Foundry
and Machine Company, that being
the name under which the enterprise will
be incorporated.

The plant will be enlarged, and the
new company expect to furnish employ-
ment to fifty or sixty hands within a
year or so.

Messrs. Foley and Danbury are both
practical men, and have heretofore been
engaged in business at Cincinnati. They
recently sold their plant at that place
and have since been seeking a new loca-
tion. After looking over Maysville's ad-
vantages they closed a deal for an inter-
est in the above plant.

The plant has the best location in the
city so far as shipping facilities are con-
cerned, being convenient to river and
rail, and the aim of the new company
will be to make it one of Maysville's
most successful enterprises.

MORIARTY'S ASSAILANTS.

Strong Case Made Out Against Yarnall
and Boughner—Trial Still in
Progress.

The examining trial of the parties ac-
cused of stabbing Trainmaster Moriarty
of the C. and O. during the Elks fair was
begun Monday morning and is still in
progress. The case against Wm. Yar-
nall and Bob Clayton was first taken
up, the counsel for John Boughner asking
for a separate trial.

Mr. Moriarty identified Yarnell and
Boughner as two of the men who as-
saulted him. There was a third party,
but he couldn't identify Clayton as one
of them. He did not know who cut him,
in fact didn't know he was cut until some
one told him.

Two witnesses testified that they saw
Yarnall with a knife in his hand as he
was separated from Moriarty. Another
witness testified he saw Boughner stab
Moriarty two or three times.

The evidence for the defense is being
introduced. Yarnall testified last even-
ing. He swore he had no knife at the
time and did not cut Moriarty.

During the storm last night a fine barn
on the farm of Mr. A. M. Slack on the
Downing pike was wrecked by the wind.
Mr. Jos. A. Richardson, Jr., who lives on
the farm, had 150 bushels of wheat, 100
bushels of potatoes, wagon, buggy and
farm implements in the building and his
loss is quite heavy.

FIRST IN THE TRADE WITH NEW CALIFORNIA ...DRIED FRUITS...

And the prices are astonishingly low. Don't wait, but come now. These prices
won't last long. And nothing tastes and eats so well as when new and fresh.

Fancy new California dried Peaches, 10c. per pound, three pounds for 25c.
Fancy new, bright, California Apricots, 10c. per pound, three pounds for 25c.
Who ever heard of such a low price for Apricots?

Fancy new California Prunes, small, but delicious, 5c. per pound, six pounds
for 25c.

Don't forget! Now is the time, and the place to buy is at any of

THE LANGDON-CREASY CO.

The leaders in high quality and low prices. The company who leads always.

Claude McNutt has a position as clerk
with the Frank Owens Hardware Com-
pany.

The Home Missionary Society of the
Kentucky conference will meet at Cyn-
thiana, October 21st.

The twelve-year-old boy killed by a C.
and O. train near Greenup was the son
of J. W. Priddy, a prominent contractor
of Central City, W. Va.

Bishop Maes, who has for the past
three months been visiting the Pope,
sailed Saturday from Antwerp, Belgium,
and is expected to arrive home soon.

A tenant house on Mr. A. J. Stiles'
farm near Sardis was destroyed by fire
Sunday. It was insured for \$300 in the
Farmers' Home Mutual Aid Association.

FRANKFORT, KY., Sept. 6.—The docket
for the fall term of the Court of Appeals
has been made up. The case of Caleb
Powers vs. Commonwealth is set for ar-
gument on Sept. 30th.

The C. and O. railway Monday morning
sent 100 coal cars into the New river
field, being the first empties sent into
that region in more than two months.
Freight traffic will be quite brisk again
in a short time. The coal strike has
proved a very costly one to the C. and O.

The funeral of the late Reuben Stock-
dale takes place this afternoon at 2
o'clock at the family residence on Wal-
nut street. Burial in the Maysville
Cemetery. The deceased was a member
of the Amazon Fire Company, and his
relatives will receive \$50 death benefits.
The company will have charge of the
services.

If you want to purchase the purest
and best goods on earth go to G. W. Rog-
ers & Co., 127 Market street, where you
will find old Bourbon and rye whisky,
apple and peach brandy, California
brandy, malt gin, California port, sherry
and Maderia, K. I. sweet Catawba and
dry Catawba wines &c. We guarantee
all of our goods to be strictly pure.

Clock Bargains.

I have just purchased a line of clocks
that I will offer at prices that have never
been equalled in this city. Call and see
our clock bargains. You will want
"one" at our prices.

MURPHY, the Jeweler.

THE STOCKDALE CASE.

Coroner's Investigation Not Yet Concluded.
Many Believe the Man Was
Murdered.

Coroner Wood has not yet concluded
his investigation into the death of Reuben
Stockdale, who was found Saturday night
on the C. and O. road at a point just
west of Limestone Creek, with his skull
fractured, and who died Sunday night.
A number of witnesses testified Monday,
and the case was then postponed to get
the evidence of the engineer and fireman
of the train that it is thought struck
Stockdale.

Some of the evidence went to strength-
en the belief that the wound was caused
by a part of the engine or the step of a
coach of the train striking Stockdale as
he sat on the end of the tie. But relatives
of Stockdale and others are still
firm in their belief that he was foully
dealt with. A young man whose name
has been brought into the case has dis-
appeared, and it is said he left town Sat-
urday night on a C. and O. freight train.

River News.

The packets have about all quit on ac-
count of low water.

The Helen M. Gould and Lizzie Bay
passed down last night and are due up
to-night. They are the only packets
now running.

Enquirer: "One of the most magnifi-
cent steamers on the Ohio was the low-
pressure Jacob Strader when she ran
regularly between the cities of Louisville
and Cincinnati during the fifties. She
was 360 feet long, had a bowsprit like a
broadax, and her exterior decorations
were elaborate and beautiful. She had
two monster boilers, which, filled with
water, weighed 80 tons, and these sup-
plied engines 60 inches in diameter, with
a stroke of 10½ feet. Her cabin and
other upper works were as fine as could
be constructed, and she ran like a race
horse."

A. O. U. W.

Will meet this evening at Golden Eagle
hall, corner of Second and Sutton, at 7:30
o'clock. Business of importance.

J. H. CUMMINGS, M. W.

Talk About the Best Fence

And you're bound to mention the "American." Its merits have been widely discussed and are familiar to those who have given it a trial. As a stock and all-purpose fence it must be acknowledged that it has no equal in the world. Made of large, strong, high-grade steel wires, heavily galvanized. Amply provides for expansion and contraction. Is practically everlasting and never goes wrong, no matter how great a strain is put on it. Will not mutilate, but does efficiently turn cattle, horses, hogs and pigs. Used as a division fence in towns or cities, the "American" is handsome, efficient and inexpensive. Every rod guaranteed by the manufacturer and by us. Call and see it. Can show you how it will save you money and fence your fields so they will stay fenced. All widths in stock and for sale only by

Frank Owens Hardware Company.

ELECTRIC RAILWAYS.

A New Discovery Will Work a Revolution in Methods of Operating Them.

The Westinghouse Electric Manufacturing Company will install forty-five miles of interurban electric line to connect Baltimore and Washington, with a branch line to Annapolis, that, it is said, will be a revolution in existing methods of electric traction.

Alternating currents, the invention of Nicola Tesla, and exploited by George Westinghouse, has heretofore been used exclusively for electric lighting. Some experiments have been made in Europe to apply this system for traction purposes with varying success.

George Westinghouse, after years of practical application with a line connecting all the Westinghouse plants between East Pittsburgh and Wilmerding, it is said, demonstrated its practicability.

B. G. Lemme, an engineer employed by the Westinghouse concern, has been engaged for many years in working out the problem. Rumor of the success has reached the stock market and has caused Westinghouse electric stock to advance from the eighties to 116.

The cost of operating electric lines will be materially reduced by the alternating current, it is said, and it is expected that lines can be operated profitably that heretofore could not be built because of the cost of operation. The Westinghouse Company has expended more than \$600,000 in experiments to bring the plan adopted to completion.

The first road on which the alternating system will be adopted will be the Washington, Baltimore and Annapolis Electric Railway Company. The main power plant will be installed with three 1,500 kilowatt generators. More than a score of huge interurban cars will be equipped, each with four motors, each motor with a capacity of 100 horse power. Nine sub-

stations will be built. Cars will be enabled to run from forty to sixty miles an hour, it is said. Work on the power houses will be started this week, with the one at Hyattsville, Md., which is to cost \$350,000 alone. The total cost will be \$2,500,000.

PUT UNDER PRESSURE.

Everything Squeezed Out Except the Bare Facts.

Anthracite miners' strike has existed 18 weeks.

Tiger belonging to Wallace's circus escaped near Mayfield, Ky.

A former slave of the late Henry Clay died at New Albany, Ind.

General J. A. Williamson of New York died at Jamestown, R. I.

Six persons were killed in a trolley accident near St. Paul, Minn.

Five freight wrecks occurred between Johnstown and Harrisburg on the Pennsylvania railroad in one day.

The body of the suicide at Riceville, Ia., was positively identified as that of William Bartholin, the Chicago murderer.

The churchmen of Kansas City, Kan., and the keepers of disorderly houses had a pitched battle Sunday in which two churchmen were shot.

"Quick lunch" is one of the commonest of the city signs. The sign doesn't say "a healthy lunch of good food—the character of the food apparently is not considered. It's just a quick lunch—eat and get away. Is it any wonder that the stomach breaks down? Food is thrown at it, sloppy, indigestible and insatiable food, very often, and the stomach has to do the best it can. Normally there should be no need for medical assistance for the stomach. But the average method of life is abnormal and while this continues there will always be a demand for Dr. Pierce's Golden Medical Discovery. It is the one medicine which can be relied on to cure diseases of the stomach and other organs of digestion and nutrition. It is not a cure-all. It is a medicine designed for the stomach, and to cure through the stomach remote diseases which have their cause in the derangement of the stomach and digestive and nutritive system. It cures when all else fails.

PITHY POINTS.

The whisky seller is of no more benefit or advantage to a community than is the drunkard.

If a minister can't do any better than furnish a case of immorality for adjudication at the hands of his church court he would better withdraw from the membership thereof.

PUBLIC SALE!

I will offer at public sale, to the highest and best bidder, on the premises of Eneas Myall, adjoining the town of Maysville, Ky., on

Thursday, Sept. 18th, 1902,

at 2 o'clock p. m., the following described personal property, to-wit: 1 Red Cow and Bull calf, 2 Red two-year-old Heifers, 1 Red two-year-old Bull, 1 aged work and driving Mare, 1 black Horse, 2 weanling Calves, 18 Hogs, 1 Cider Mill. At the same time and place I will offer for rent the farm of the said Eneas Myall, consisting of 243 acres of Mason County's best land. There will be about fifty acres for Corn, fifty acres for Wheat, sixteen acres for Tobacco (mostly all new ground), about thirty-five acres of Timothy Grass for meadow, the remainder in grass with abundance of stock water on the grass land. The farm has on it a large Dwelling, with all necessary outbuildings, including two Tobacco Barns, besides smaller Barns for stock and tenant houses. There is a fine well of water in the yard and pool and branches in all the fields for cultivation. It is one of the most desirable home and productive farms in the county. Anyone wishing to rent a farm can call on or address me or H. C. Hawkins at Maysville, Ky.

Terms of sale of personal property, \$10 and under cash; over that amount three months time, and the remaining half to be paid the first day of September, 1903, secured by note with good security.

WM. E. MYALL, Committee for Eneas Myall. H. C. Hawkins, Auctioneer.

Fine Stock Farm

AT PUBLIC AUCTION,

Saturday, Sept. 20, at 2 P. M.

The "Chamberlain farm," containing 224 acres near Lewisburg, will be offered at public auction on above date. Sale to take place on the premises. It has two frame tenant houses, Barn, Stable and other outbuildings. A good stock farm.

Terms—One-third cash and balance in one and two years, notes required for deferred payments bearing 6 per cent. interest. Lien retained to secure their payment. For further information address EMMA CAMPBELL, Executrix of T. C. Campbell, Maysville, Ky.

Do You Have Your Clothes Made to Order?

If you do and have any trouble in getting a satisfactory fit—or you probably have been paying too much—Examine our stock of suitings and trouser patterns and get our prices and we will get your business. We guarantee a fit.

J. WESLEY LEE,

KORRECT KLOTHIER.

...HON...

WILLIAM J. BRYAN,

Late candidate for President of the U. S., will be at Ripley (O.) Fair Wednesday, September 17th, and address the people on Fair Ground that day. Let everybody go to the Ripley fair, see and hear this wonderful man and world renowned orator.
